# Introduction To Rap Interiors

We established RAP Office Contracts in 1988 and have been delivering a 'hands-on' personal experience since then to all our clients, ensuring that every project runs smoothly from concept to completion through constant dialogue, collaborating with the entire team, and providing advice every step of the way.

**Rap Interiors** was recently formed as a result of repeated requests from clients and professionals to compliment our amazing interior design approach with furniture supply and fit-out, to offer the ultimate turnkey solution.

**"We work to achieve whole life value for every client with the lowest whole life cost - for every project."**

Our clients enjoy 1-2-1 focussed attention, with a single point of contact throughout the project; taking comfort in the knowledge that their contact has behind them the experienced and committed resource of the entire Rap Team.

From our offices in Kent, Brighton, Croydon and London, we design, supply, install, and hand over, stunning interiors across the UK.

As a successful family business with over 28 years' experience, we consistently demonstrate commitment to our clients, their professional teams, every project we start and finish, and – equally as important – our commitment to the development of the people that together form the Rap Team, who we consider to be **iamonds in this industry**.

Rap Interiors provides inspirational, quirky, high quality, fabulous furniture for all commercial businesses across all sectors including a fantastic range of office furniture, classroom furniture, break out area furniture, care home furniture and more.

## **Stylish yet comfortable furniture at its best!**

As one of the leading furniture suppliers in the UK, we specialise in contemporary, affordable furniture designs, working with you to discover and provide bespoke equipment solutions perfect for your environment.

Outstanding furniture shouldn't just look good, it should also feel good. If your staff, students or patients are taken care of then your business will be taken care of and that means high quality, ergonomically designed furniture throughout your premises.

We visit you to get to know you and your company, and it's this initial meeting that will help us form a strong, productive, lasting relationship.

After talking through your requirements, we'll discuss design details such as colour and fabric through the use of mood boards and swatches. Then we'll go away and research your options, putting together a portfolio of choices for your perusal.

Once you've made a decision on the office design style and office furniture you want for your business, we'll see to it that it's delivered and installed in a timely fashion, and in a way that causes minimal disruption to your working day.

Whenever we undertake an education refurbishment or fit out project of any size, we ensure that our work has **minimal impact** on the day to day running of your educational facility, and installing furniture is no exception. We can work to your budget and your needs to deliver **attractive yet practical** furnishings and refurbishment solutions for your school, college or other facility within the education sector.

Our dedicated design team offer a completely **personalised service** to help you find the best furniture to suit your school, academy, college, pre-school or university, all on-trend and to the highest of standards.

Our incredible range of ergonomically designed furniture is all fully compliant with school standards and includes desks, chairs, contemporary seating, workstations, wall art, white boards and a whole lot more.

**For truly exceptional results it can only be Rap Interiors.**

# Healthcare Furniture

---

## Meeting your requirements with top quality furniture

High **quality, appropriate** furniture is essential in a healthcare facility, particularly one in which your patients or residents present with special needs.

Our design led, **first class range** of furniture for healthcare includes tables, chairs, beds, wardrobes, reception furniture and more, and come with additional features such as adjustable arms, grips and wings, waterproof and antibacterial finishes and durable frames, all designed specifically for people with physical disabilities and diminished motion ranges and so a perfect choice for care home furniture, for example.

All our furniture meets British Safety Standards and is sourced from reputable, established companies who share our commitment to sustainability and service. We are a **registered and recognised** major supplier with **Carehome.co.uk** and are frequently called upon to provide our services and products around the country.

From water resistant furniture fabric finishes to wipeable faux leather – our commitment to your interior design, fit out or refurbishment project is focused on money being well spent.

Our **extensive range** of furniture has been utilised by healthcare facilities from doctors' surgeries and dentists, to care homes and residential homes, and our clients across the UK give **consistently positive feedback** on both the furniture itself and the **quality** of the service we provide.

**For truly exceptional results it can only be Rap Interiors.**

# Leisure & Retail Furniture

---

## Furniture for your business

A brand new interior design needs brand new furniture and at Rap we provide a range of **specialist furniture** that is ideal for leisure and retail interiors.

Our interior designers have many years experience in the industry and are fully up to date with the **latest trends** in leisure and retail. From basics such as tables and chairs, to specialist items for gyms, shops and more, we have something to suit every business.

We have spent years building up a dedicated supply chain whose commitment to **sustainability and quality** matches our own, and all our furniture is fully compliant with British Safety Standards. Our suppliers will deliver and install your furniture in a manner that is **minimally disruptive** to your business and will even take away your old furniture to be recycled.

Our **selection** is vast, our **experience** is second to none and our **personalised service** has won acclaim across the UK, which means that businesses from hotels to nightclubs, and restaurants to party buses can all benefit from our unique service. It may seem that the furniture you use is secondary to things like colour, decorating and space planning, but the fact is that truly outstanding furniture is one of the best means by which to enhance your leisure or retail interiors, meaning that working with us is an investment in the future of your business.

**For truly exceptional results it can only be Rap Interiors.**

# Our Client Testimonials

---

"Family Mosaic work with Rap Interiors and what we appreciate the most about the way they work is the understanding they have of housing associations needs. They understand that the small jobs are just as important as the larger projects and most of all they show respect to the Family Mosaic staff they work with. It is a pleasure working with all the team at Rap Interiors."

**Family Mosaic - London**

"We chose Rap because of their excellent reputation in the marketplace and having seen examples of their previous work we had a great deal of confidence that we would get something quite special.

Working with Rap was a real pleasure nothing was too much trouble and each stage of the project was clearly explained as was what the next step would be and what decisions would need to be made and by when. This was the first time CXK had undertaken a project of this size and type and we were pleased to have Rap on board.

Our new offices are universally liked by both our staff and our visitors, it has made such a difference to the working environment creating the right professional image we want our customer and partners to have, additionally the building has enabled us to attract additional revenue to support our work  
We have also gained new partnerships as an unintended but welcome outcome."

**CXK - Ashford**

"We thought we had the plan for our school until we met Rap. They showed us ideas we hadn't even considered and now we are so excited as their ideas made the space much more versatile, something we needed but couldn't see how to achieve it.

They are a great, friendly bunch to work with and patient beyond belief."

**St Christophers School - Epsom**

"Rap Interiors has provided the school with an outstanding service in terms of efficiency and quality. It has been a pleasure to work with such a flexible and friendly team who undertake their work with care, attention and diligence. The team also undertook works with full consideration to minimising any disruption and impact on a very busy school site.

Since completion of this project, Rap Interiors have continued to be supportive after hand over with more snagging being dealt with efficiently and without fuss.

The trust has invited Rap Interiors to bid again for further capital works across both of our schools and Rap Interiors have been able to provide us with the most competitive prices. We have no doubt that they will again deliver the programme of works to timetable and to a high standard.

We have no hesitation in recommending Rap Interiors to any academy who wishes to enhance or refurbish their facilities and building."

#### **Brampton Manor Academy - London**

"We love, love, love the Library!!! We are still in the process of stocking it up with books but there are many pairs of eager eyes trying to sneak a look.

Everyone who has stepped into the space has been blown away by how it looks and feels. The librarians in Year 6, who have been helping me, have said they know it will inspire children to want to read.

On a personal note, I can not thank you enough for how your team turned my scrappy drawings into this beautiful creation. Everything I wanted they have created, tweaked and dreamt up. "

#### **Southmead Primary School - Wimbledon**

"If any fellow Osteos out there are looking to upgrade their clinic or indeed any business premise holders for that matter, please look up Rap Interiors. They were so thorough, knowledgeable and professional and the workmanship is phenomenal. I would thoroughly recommend them to anyone."

#### **Lordswood Osteopath - Medway**

"I am very grateful for the creative office ideas Rap presented to me at our initial meeting. I appreciate that some ideas changed as the work progressed, but you continued to listen to all ideas, large and small, and worked hard to keep within our budget. I was particularly pleased with the layouts and how we have managed to utilise the space to its full capacity, including options for kitchens and breakout areas.

The project was managed by your friendly responsive team, anyone of whom I knew I could call upon for help at any time knowing that they would assist immediately wherever possible.

Not only does our new office reflect our brand and corporate image, the open plan design allows for improved communication, cooperation and collaboration between teams and delivers a modern safe place for us to work with excellent technical performance.

Thank you again to the team for all your hard work and professionalism."

**Anderson Rowntree - Chichester**

"We have found that Rap Interiors deliver consistent high quality projects and add value at all times by advising on design expectations whether working from our brief or from drawings by architects. Their internal design capabilities mean their design input is invaluable and accurate.

They are a "can do" company and thrive on client satisfaction. Moreover, if any problems have been discovered during the delivery of any of our projects they have presented the solutions. They have a wealth of experience in Education environment solutions to ensure we have been left with the "wow" factor, they so actively promote.

The are a hugely reliable and do what they say which means I don't have to worry about them which as an education organisation I require.

I would have no hesitation in recommending Rap Interiors."
