SPACE PLANNING

With over thirty years of space planning experience, we are experts in helping clients to realise the full potential of their workplace. Whether you are looking for an entirely new layout or want to configure your space so it is suitable for future growth, we have got the expertise to deliver.

With a RIBA (Royal Institute of British Architects) qualified design team, we can create 2D and 3D designs to give you a birds-eye view of the space. Moreover, we work closely with you to gauge what your plans are and ensure your remit is fulfilled.

We can even advise you on the best furniture solutions and procure them when the time is right. Every space is different, so receiving expert advice on furniture is always an advantage.

We have dealt with space planning projects of all sizes and scopes, so whatever you require, we can set you up for the long term. Speak to our team and you'll be amazed at what they can achieve with your space.

Acoustic Hanging Screens between banks of desks

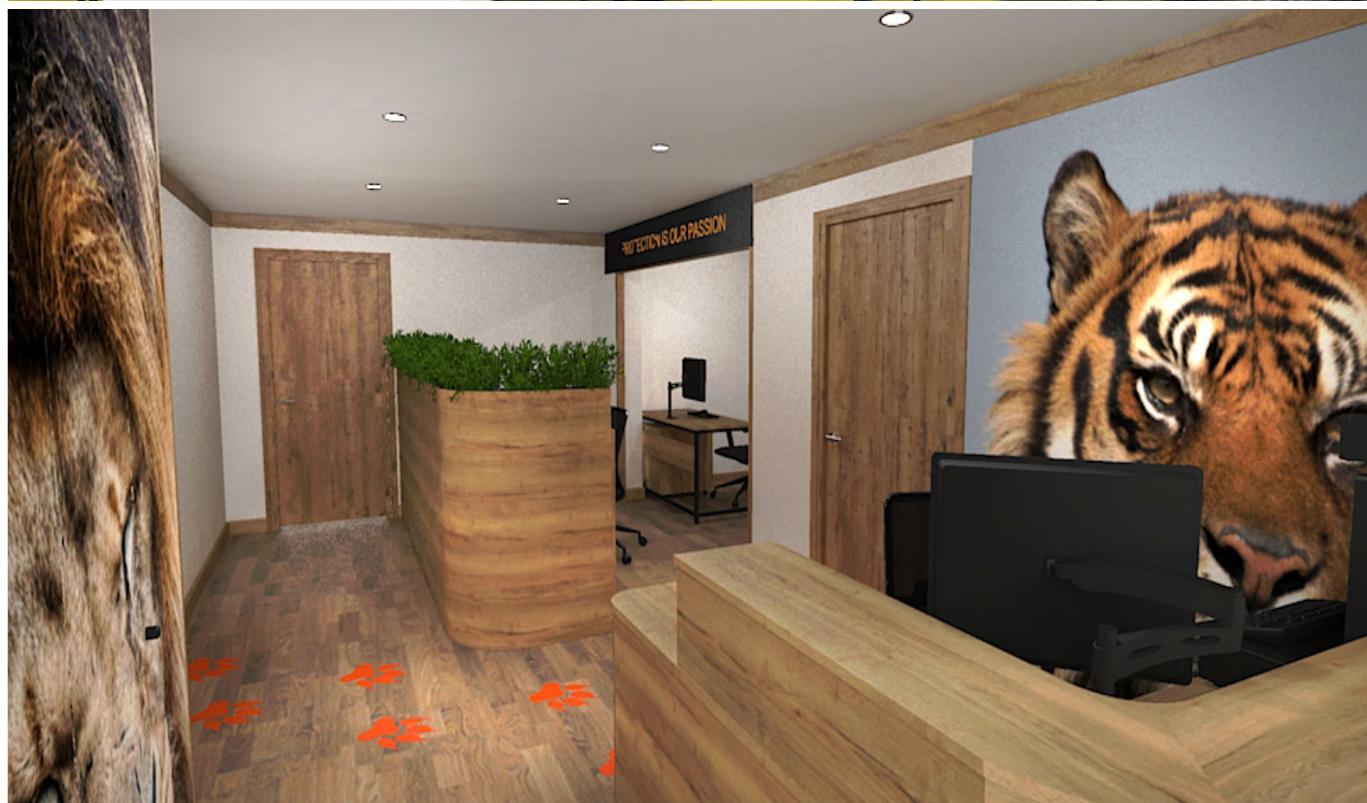

INTERIOR DESIGN

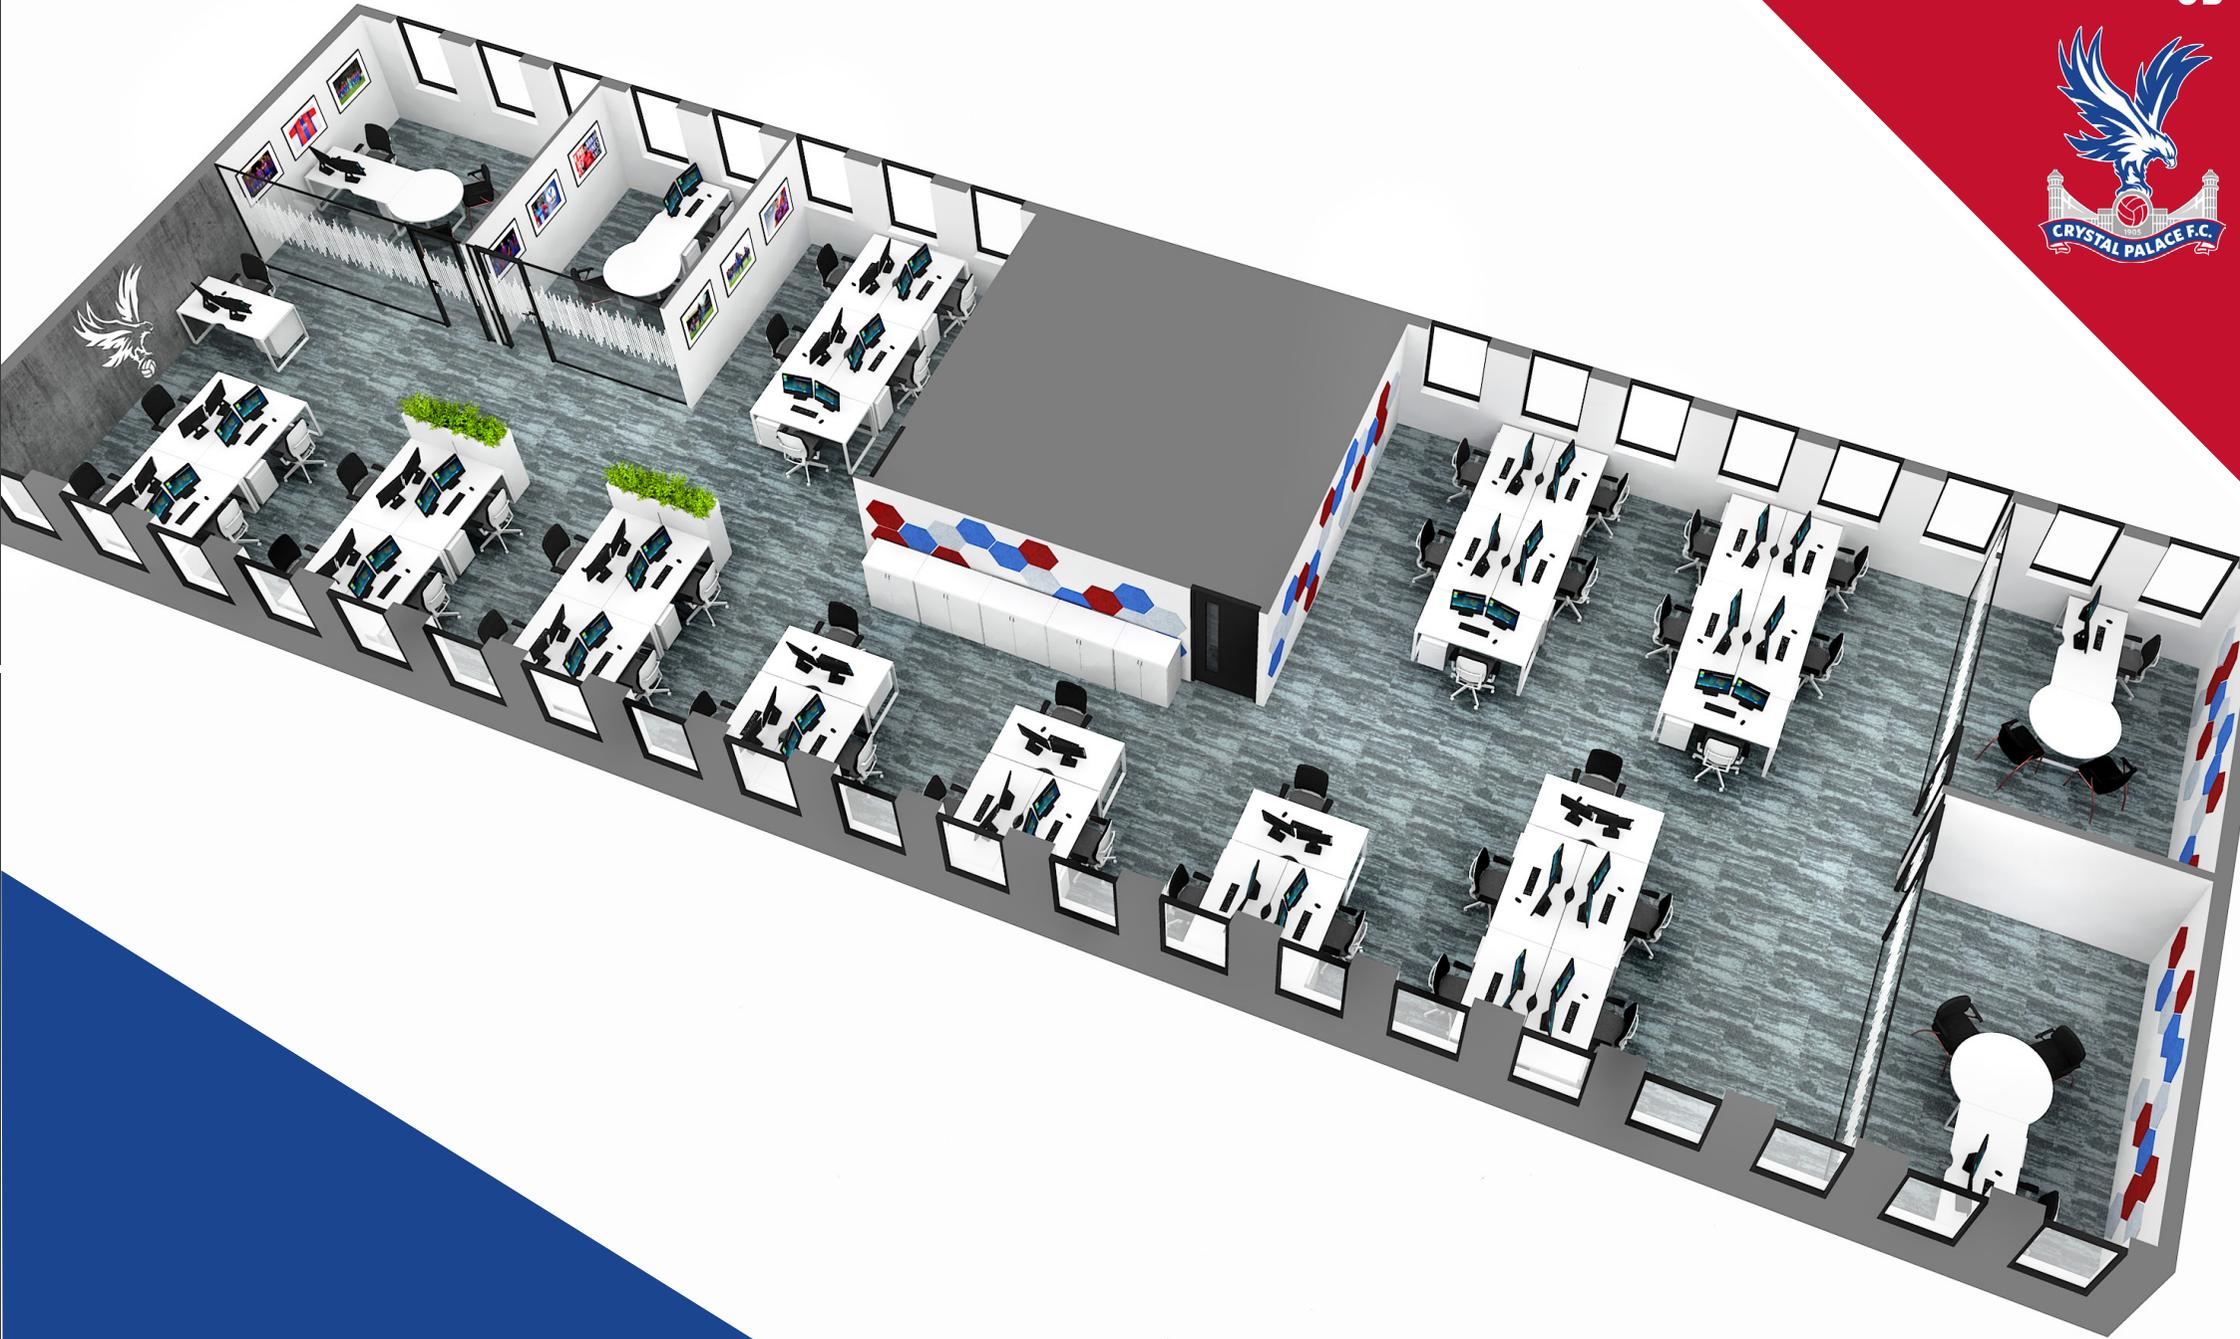

We are passionate about good interior design and love nothing more than sinking our teeth into new projects. Over the years, we have been involved in everything from large commercial office revamps to school classroom design overhauls.

Whatever the nature of your project, we have the experience and expertise to make it happen. Using state-of-the-art 2D and 3D design software, we take on your ideas and create a mock-up of your prospective space for your consideration. Throughout this process, we will work closely with you to ensure your ideas are reflected in accordance with your budget.

Whether your premises is an office, school, commercial property, healthcare facility, retail outlet or warehouse, we can design every element of your space. From decorations to furniture to flooring and lighting, you can rely on us to guide you on every last detail.

Based on our experience, the design stage is always crucial in delivering a successful project. Therefore, it makes perfect sense to consult the experts. Whatever your goals, we can guide you on the best solutions for your space.

REFURBISHMENT

With over thirty years of space planning experience, we are experts in helping clients to realise the full potential of their workplace. Whether you are looking for an entirely new layout or want to configure your space so it is suitable for future growth, we have got the expertise to deliver.

With a RIBA (Royal Institute of British Architects) qualified design team, we can create 2D and 3D designs to give you a birds-eye view of the space. Moreover, we work closely with you to gauge what your plans are and ensure your remit is fulfilled.

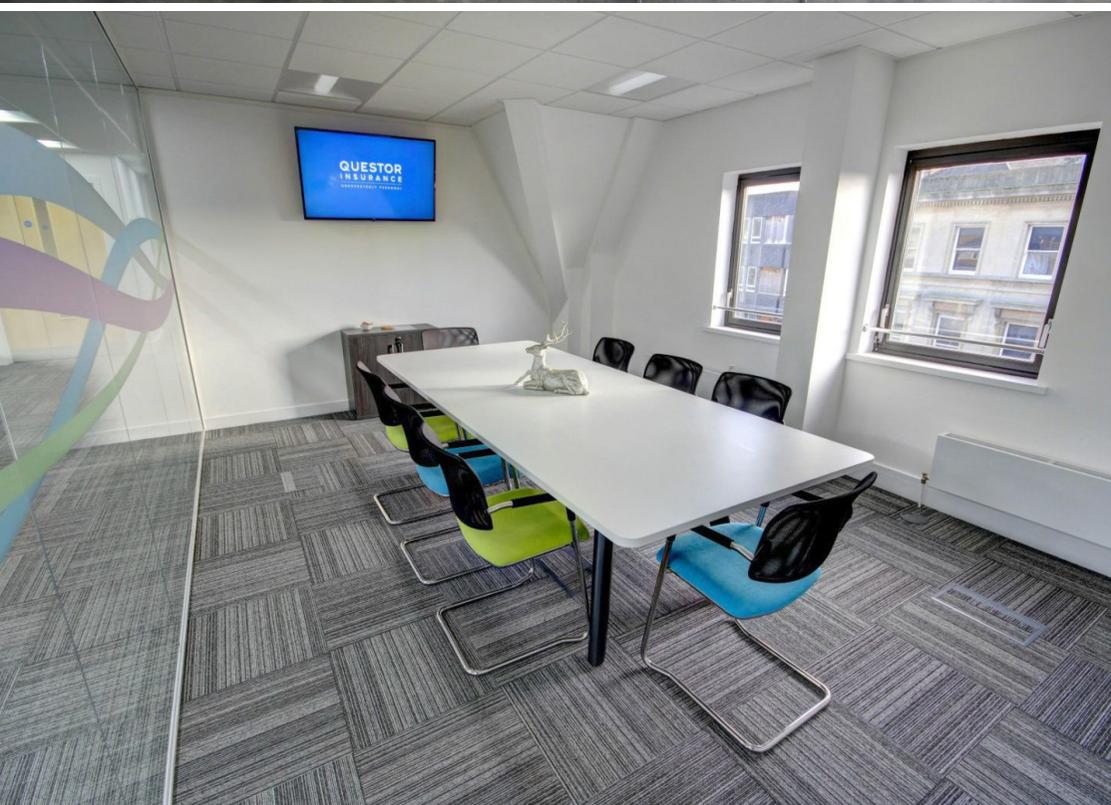

We can even advise you on the best furniture solutions and procure them when the time is right. Every space is different, so receiving expert advice on furniture is always an advantage.

We have dealt with space planning projects of all sizes and scopes, so whatever you require, we can set you up for the long term. Speak to our team and you'll be amazed at what they can achieve with your space.

FOR US IT'S AS MUCH ABOUT THE PEOPLE WE WORK WITH ON PROJECTS LIKE THIS. IN THIS REGARDS WE FOUND RAP REALLY EASY TO WORK WITH; EVERYBODY WAS LOVELY AND FRIENDLY, VERY DOWN TO EARTH, AND YOU COULD JUST SAY WHAT YOU THOUGHT AND THEY LISTENED. THEY REALLY JUST 'GOT US'.

”

RAP HAVE SHOWN GREAT PROFESSIONALISM AND EXPERIENCE IN RECEIVING AND INTERPRETING THE BRIEF TO ITS FULLEST. THEIR WORK AND PROPOSALS HAVE BEEN EXECUTED TO THE HIGHEST STANDARD WITH GREAT ATTENTION TO DETAIL. THEY HAVE ALSO SHOWN A GREAT UNDERSTANDING OF THE INDUSTRY.

FIT OUT

We offer a full range of fit out services to save you the trouble of sourcing multiple contractors. In addition to our design service, we undertake everything from painting and decorating to mechanical and electrical work and much more.

We also cover CAT A fit outs, CAT B fits outs, shell and core work, relocations and dilapidations. Whatever your requirements, we provide a full concept to completion service designed to make life as easy as possible for you.

In the past, we have worked with both landlords and tenants to conduct small and large scale fit out works. As this process can be quite complex due to contractual agreements, we offer expert advice to ensure all parties understand their requirements. This will help everyone concerned to avoid unnecessary issues and extra costs in the long run.

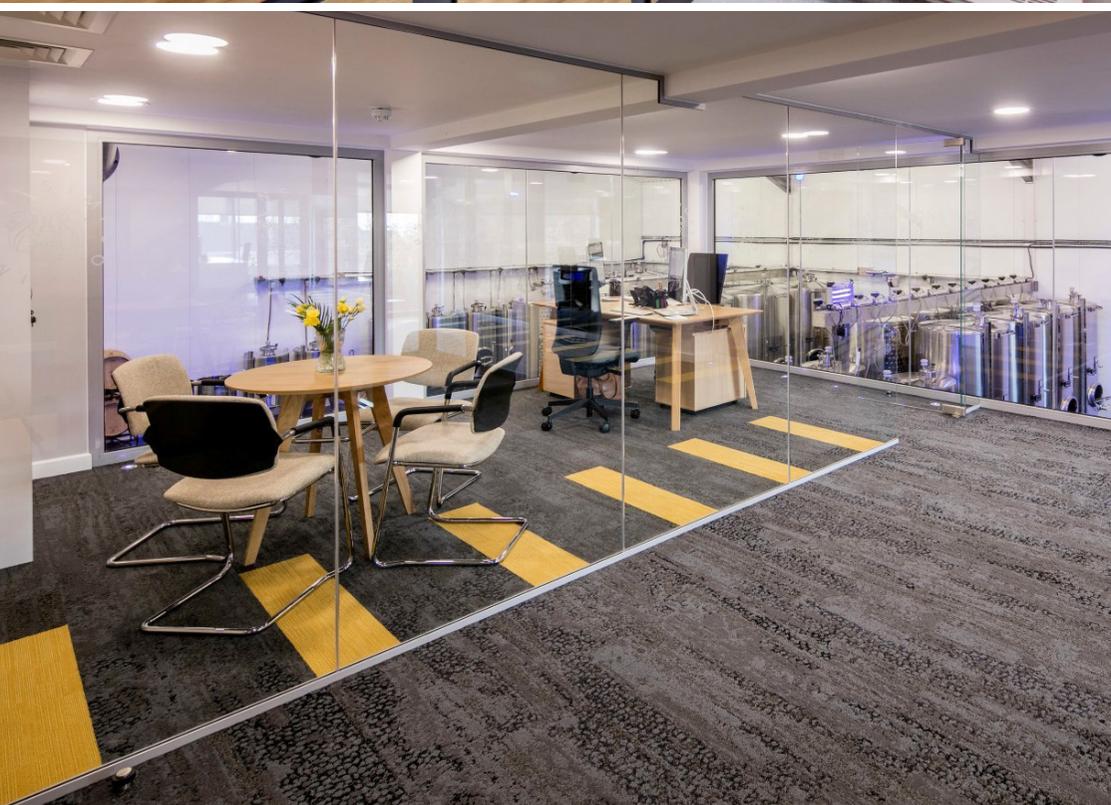

Whether you are a landlord or tenant, you can trust us to offer intelligent advice and conduct the works on time and on budget. With over thirty years of experience, there is no project too big, small or complex for us.

TO SAY WE ARE IMPRESSED IS A BIT OF AN UNDERSTATEMENT. WE ARE TRYING TO CREATE AN ENVIRONMENT THAT IS MORE THAN A COLLEGE. THE WORKS BY RAP SUPPORT THE VERY ESSENCE OF THIS AND WE LOOK FORWARD TO WORKING WITH THEM AGAIN ON MORE OF OUR FACILITIES.

”

”

RAP DEFINITELY LIVED UP TO OUR EXPECTATIONS. I THINK WHAT ATTRACTED US TO RAP WAS THE FACT THAT THEY COULD HANDLE THE DESIGN, CONSTRUCTION AND FURNITURE ELEMENTS OF THE FIT OUT. THIS MEANT THAT ALTHOUGH THERE WERE A LOT OF DECISIONS THAT HAD TO BE FUNNELLED THROUGH THEM WE DIDN'T HAVE TO WORK WITH MULTIPLE COMPANIES.

FURNITURE

We offer an extensive furniture procurement service, helping you to create a workspace which ticks the boxes for style and comfort. Whatever furniture you need, we can source it. Whether it be a height adjustable desk, meeting pod, dining benches, school tables, a reception desk or something bespoke.

Not only is our furniture stylish and on-trend, it is ergonomically designed for ultimate comfort. This is key in nurturing an individual's physical health and fostering a safe working environment.

We have sourced and installed furniture for all kinds of clients across the UK, including schools, offices, warehouses and retail outlets. We've even furnished a winery room and a tea tasting room, underlining our commitment to all clients no matter what the project.

In addition to sourcing the furniture, we can install it too. Our project and logistics team will oversee the installation to ensure a smooth, stress-free delivery.

RELOCATION

Whether you are moving to a bigger space or downsizing, a relocation is an exciting time in the life of your business. However, a relocation can often be complex, and therefore it's important to consult an experienced move management company to help.

With our experience, we understand that every relocation project has its own unique set of challenges. In order to overcome these challenges, we coordinate every location in a precise and targeted manner. Our relocations are conducted using an efficient logistics strategy and relocation schedule, helping you to transition seamlessly into your new space.

We also understand that time is money, so we aim to get you settled in to your new space in the shortest possible time. With a team of experienced move management experts, we will get you back to work.

DILAPIDATIONS

If you are renting a property, you may be required to fund restoration works at the landlord's request. These works are called dilapidations, and landlords can schedule them either during or at the end of the lease.

The amount of restoration work a tenant is required to do varies depending on the landlord's preference. Whatever work you need to do, however, we are here to help.

With our expertise, we can cover everything from decorations to furniture to ensure the property is habitable. We can even reinstate the premises to its original conditions – it will be like you were never there!

If you fail to co-operate with your contractual agreement, your landlord can claim damages for any loss covered. Therefore, it is essential to get help from the experts at the earliest possible time.

CLIENTS

SCANIA

MADE IN BRITAIN

Rap are committed to specifying a solution for your workspace that is superior in quality and design, yet is practical and durable.

The materials and products we source for your projects, from the paint to the wall coverings and furniture, we source either locally or have built up a trusted supply chain of manufacturers who are *“Made in Britain”*.

We also have the capability to produce amazing bespoke items using local materials and local trades such as tables, pop up bars and more.

Using this *“Made in Britain”* ethos allows Rap to ensure that as well as a high quality product guarantee, we are also reducing our impact on the environment, lead times, continuity and cost.
